Always check with your insurance provider to determine who are approved providers under your coverage plan. This information is usually accessible by calling the 800 number on the back of your insurance card or online. If you do not have insurance coverage for mental health services, look for the resources indicating free or sliding fee scales. The School District of Milton does not endorse any specific provider. Specific questions or issues regarding services should be addressed directly with each treatment or support group provider.

Alateen is Al-Anon for teenagers. Years ago, Al-Anon recognized the need to have special meetings run by and for teenagers where they can come together to share their own experiences in coping with another person's drinking among their peers. While there is always an adult Al-Anon member that provides service to each Alateen group, every group is attended and run by teenagers only.
